

Activity 2 Client Check in

February 13, 2023 4:09 PM

Team Name: Bridging the Gulfs

Team Members

- Stephanie Ndulue (200482009)
 - Jessica Nathanail (200379383)
 - Brooklyn Coulson (200375222)
-
- 1st and 3rd they liked
 - 1st for donation layout being really smart and good for them to use later on to update their donation portion
 - 3rd simple layout and for incorporating into what they already have, also the fact that there was a master page as well as the option for the individual page
 - Jessica's
 - think about how we can use the wheel in a mobile environment
 - if so then it can be fun/good to play with
 - likes that it's inviting
 - pretend there's an average of 4 impact stories
 - focus on the 3 main things
 - impact stories
 - a space for infographics
 - text for details

Other groups

- should we consider a search bar..?
- something that isn't going to be constantly updated
 - so worry less on the current events portion
- trying to catch attention within first 5 seconds
- volunteering options don't exist rn but don't scrap the idea
 - it might be brought in/developed later on
- regions are important, there will be separate ones
 - but it's a matter of copy and paste in back end really

Final feedback

- 3 data types, filter options main focus for everyone

Template editor option on WordPress

- easier than doing the itty bitty code
